## **DETAILED ACTION**

### ***Status of Claims***

1. Claims 1-11 are pending.  
Claims 1-11 are rejected.

### ***Priority***

2. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Japan as JP 10-51096 on March 3, 1998. It is noted, however, that applicant has not filed a certified copy of the foreign application as required by 35 U.S.C. 119(b).

### ***Claim Rejections - 35 USC § 103***

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
5. Claims 1-11 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kawai et al. (EP 0 703 450 A10 alone or in view of Ryan (WO 97/25303), for the reasons given in the previous office action, Paper No. 5.

***Response to Amendment***

6. The declaration under 37 CFR 1.132 filed October 1, 2002 is insufficient to overcome the rejection of claims 1-11 based upon 35 USC 103(a) as set forth in the last Office action because: the declaration is not convincing of unexpected results because there is no side-by-side comparison between the instant invention and the closest prior art. The side-by-side data should demonstrate unobviousness vis-a-vis the prior art commensurate with the scope of protection sought 1-11 under 35 U.S.C. 103(a) as being unpatentable over Kawai et al. (EP 0 703 450 A10 alone or in view of Ryan (WO 97/25303) is maintained.

***Response to Arguments***

7. Applicant's arguments filed September 26, 2002 have been fully considered but they are not persuasive.

Priority document

8. The applicants argue that they do not need to submit a certified copy of the priority document because MPEP 1893.03(c) states that a copy of the priority document provided by the International Bureau satisfies the submission requirement. This is true. However, the International Bureau has not provided a copy of the priority document. Thus, the applicants have not satisfied the conditions for receiving priority under 35 USC 119(b).

Rejections under 35 USC 103(a)

9. See response to amendment above.

***Conclusion***

10. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
